THE SULTAN OF JOHORE'S TYPISTS.

The following letter, which was published in the Sydney Duily Telegraph, of October 15, will serve to show the influence which was set at work to secure the roturn of the two Australian girls, Misses Hands and Jackson, who were recently prevented at Singapore from going to Johore as typists to the Sultan : - 'Sir,--Having read the article in to-day's issue of The Daily Telegraph referring to two Aus-THE Undersigned has received instruct tralian girls who left Sydney under engagement to the Sultan of Johore, and the circumstances attending their arrival at Singapore, may I he allowed to state a few facts in connection with the matter. When it came to the knowledge of a member of the Young Women's; Christian Association that these girls were the 23rd November, 1903, commencing each leaving, steps were at once taken to warn them of the risk they ran and endeavor by all means to dissuade them from going. The relatives were seen and urged to take decisive moasures, the girls themselves were expostulated with on board the Clitus but all to no purpose, as they were bent on fulfill-OLD BRONZES and SILVER MOUNTED ing their ongagement. As a final measure of precaution letters of introduction to the QUER (old Indos with carved notzukis and Y W.C.A secretary at Singapore were given them, and this lady was also communicated with direct. The carnestness shown by the Y.W.C.A. workers, although apparently A Large Variety of beautiful Embuomen- lost upon the girls, at, length aroused the parents to take action, and the nutl orities at Singapore were communicated with, with the result already shown .- Yours, etc., A. M. L. MAYERS, Gen. Secretary, Y.W.C.A.

The German Navy.

The strength of the personnel of the Imperial German Navy has been fixed at 38,000 men for the Budget year 1904. It amounted to 35,500 for the current year, and to 19,000 in 1893. A corresponding increase has taken place within the last ten years in the Naval Officers Corps, while the Engineers Corps has had to be trebled.

ff O all those afflicted with rheumatism we recommend a trial of Chamberlain's Pain Balm. One application will relieve the pain, and its continued use for a short time will result in a cure. Promptly applied to a sprain before in-flammation sets in, insures a cure in about one-third of the time otherwise required.

THE TURN OF THE WORM.

The N.-C. Daily News of November 7 publishes the following :-- The following important circular telegram was issued by the Grand Council on Thursday (Nov. 5) to the various Viceroys and Governors of provinces with reference to the strained relations between China and Russia regarding Manchuria: - Diplomatic relations with Russia certain to be broken. Make every haste to mise funds and troops in anticipation of immediate hostilities.' The telegrams to the Viceroys of the Liangkiang (Wei Kwang t'ao at Nanking), i Hukuang (Tuan Fang at Wuchang), Min-Che (Li Ming-cheng at Foochow), and Two Rwang (Tsen Ch'un-hauen at Canton), provinces had the additional words,-*Keep careful guard of your maritime and riverino defences and let not the mistakes of former years be repeated,' referring doubtless to the French attack on the Chineso fleet at Pagoda Anchorage, Foochow, in August, 1884. In consequence of these telegrams there has been some excitement in local mandarin circles, the general feeling, however, being one of pleasure that something decisive has at last been done with regard to the Manchurian question which has been in suspense so long.

WHY CHINA HOLDS BACK.

Private telegrams received at Shanghai from Peking state that Viceroys Yuan Shih-k'ai and Chang Chih-tung have had repeated private audiences with the Emperor and the Empress Downger and a careful report was called for and given by the two Viceroys as to the present military resources of the Empire in the event of the by the China Navigation Co.'s s.s. Changbreaking out of hostilities against Russia. In the meantime large numbers of young Chinese and Manchus are eager for war Hated MILK, FRESH BUTTER (11b. with Fussia and are volunteering for active pats), CHEESE, BACON and HAM. service. The officials are, however, trying their best to keep all this secret, for fear of arousing the premature arger tof Russia. The general feeling, of the Mandarinate in the provinces is that China ought to tight Russia for Manchuria, but for a lingering fear that the should be left in the lurch by Japan and made to fight Russia sione and unassisted. In this case the end would be worse than the beginning. Let China he properly assured by her friends that she will be aided in her war with Russia, then the world will find a united China opposed to Russia. The present drawback to China fighting Russia alone is the former's want of adequate arms and ammunition and properly disciplined earmies.

Crucity to Poultry. There is probably no more familiar BLEND sight on our streets than the cook or cook's mate carrying home the provisions for his master's dinner. Who does not know th basket-usually a very small one-slung on the end of his pole or carried in his hand, in which all that is to tickle his master's pa late is mixed together in picturesque, unhealthy confusion? Bread rubbing shoulders with onious, garnished with fish ice and vegetables more often than not an the whole crowned with a live chicken or two tied down by the legs and aquawking lustily. Long familiarity with this sort of thing has made us callous alike to the dan gers we run from the free distribution of diseaso bearing germs emanating from the five stock thus carried, and Specially selected, of great age, very fine the unnecessary discomfort, imposed ugon the gretched bird. It is a marvel that one has ever attempted an improvement in the system. No doubt this is mainly due to the heart-breaking difficulty experienced in inducing cooks to depart from 'olo custom' for better and more cleanly methods. With a view to effecting this much-to-be-desired improvement the Hong. Ch onicle. kong Society for the Prevention of Cruelty to Animals strongly recommends the adoption of a small and light bamboo cage for the carriage of live poultry, and for this purpose they have had a few samples made, I liable to have a fall. False Reports. As illustrating the difficulties which

The Japanese bankers are urging the beset the detective force in Hongkong through false reports coming in, the following will be interesting. Yesterday morning a report was made to the police that \$105 had been taken from a shop drawer. The thief was alleged to have been seen passing out through the door, but nothing further could be given in the way of information. Detective Sergeant Wilden was put in charge of the matter, and noted several slight contradictions in the accounts given by the occupants of the shop. He then visited the house, and examined the drawer. It was then looked, and no traces that any violence had been used on it could be found. The key was in the custody of the manager of the establishment and had not left his possession. It seemed, therefore, that the thief had carefully locked It is reported that the Russian war, the drawer before bolting with the each, a also examined each man separately, with them.—Eo. SUPREME COURT.

IN SUMMARY JURISDICTION. Before His Honour Mr A. G. Wise, Puisne Judge). Tuesday, November 17.

A SEA WALL DISPUTE.

In this action, which has already been before the Court twice, Chan Chin Hop. Tsang Hei and Wong Kong sued Chan Fulc for \$70) damages suffered by the plaintiff through the breach by the defendants of a contract for the erection of a sea

The particulars of the claim were as follows :- To six months rent of ground at 870 per month from Nov. 10, 1902, to May 10, 1903, \$421; To cost of pulling down and erecting defective-wall built by defendants \$280, total \$700. Mr Goldring (of Messrs Deacon and Hastings) appeared for the plaintiffs, and Mr Grist (of Messes Wilkinson and Grist)

represented the defendant. An architect was called for the plaintiffs, and said that he was called in to inspect defendant's work by the plaintiff. He also stated that the plaintiffs had not cumped sufficient stone for the foundation of the

Mr Grist said that it seemed to him that the matter was now finished. At the last hearing the Judge held that the claim for \$280 could not be maintained, because it was simply one man's word against another's that the work was done under the supervision and direction of the plaintiffs. The evidence of the last witness proved that the plaintiffs had not carried out their part of

Mr Goldring said that he understood that the ease practically turned upon the point as to whether or not the defendant carried out the work under the direction of the plaintiffs. He submitted that the last witness had proved that defendant was working in an independent manner and the mere fact of the plaintiffs having sent for the last witness to act as arbitrator showed that defendant was not working under the direction of the plaintiffs. Defendant had the adjoining lot to build and fill in, and by turn ing this wall as he did, he could easily add the additional piece when the adjoining lo reasonable explanation of defendant's conduct in so building the wall. CANTON NOTES.

(From Our Own Correspondent.) Canton, November 16. THE NEW RAILWAY.

The event of most importance to note is the formal opening of the Canton-Fatshan section of the railway, but as your special representative was present it is not necessary for me to say much concerning it. Considerable surprise has been expressed that the officials should have selected Sunday for the opening day. Naturally the missionaries condemn such action as being out of keeping with the character of . Christian nation. The Rev. R. E. Chainwas finished. This, he contended, was a bers gave slight expression of his disapproval in his sermon at the Union Missionary Service yesterday (Sunday) evening. But this attitude is not confinedto the missionaries. I have heard similar

POSTAL MATTERS. . The Chinese Imperial Post Office is soon to be better housed. The new building is now being erected near the lower steamer wharf. This is certainly as it should be: Mr A. Hyland, Deputy Postmaster, it

The articles gent to Paris and to the Hanoi exposition sold so well that the Chinese are anxious to send as much as possible to America, which they regard as a specially good market. One interesting feature of the exhibit will be the educational department, which is being prepared under the direction of Mr Summers. AMOY NOTES,

(From Our Ount Correspondent.) AMOY, November 4.

ECHOES OF LAST WEEK'S GALE. Furthur investigation as to the damage wrought by the violent gale of last Tucsday, 27th ult., proves that it was unusually great among the Chinese fishing fleets up and down the coast. Exact statistics are, of course, unobtainable, but the sampan men plying in Amoy harbour speak of 80 lishing boats having been wrecked between Amoy and a point on the coast some sixty miles north called Chiong Bu. Even if thi is an exaggerated estimate, it shows at any rate that a good many vessels were caught unawares, and suffered severely, not with out serious loss of life. The steamers entering the port since the gale; both from North and South, also report seeing many wreeked junks and fishing boats, and in some cases they managed to effect a rescue The gale came on so suddenly that the Chinese were caught unprepared, and had not time to run for shelter before it burst upon them in all its fury.

EMIGRATION TO THE STRAITS.

After a somewhat slack sesson in the spring and summer, owing to plague and cholera, &c, the emigration of coolies to Singapore, Penang, Rangoon, &c, is steamers having visited us during the past month or so, and the cry is, 'still they come.' Each steamer takes away a large consignment, and yet there are always more to follow. One wonders sometimes where the coolies all come from, and whether the supply is absolutely unlimited. Undoubtedly the immense numbers that leave the port make very sorious inroads in the population of some districts up country. I know several places where there is a great outcry for want of labourers to till the fields, and for load-carriers, so much so that many acres of rice-fields have gone out of cultivation, and the cost of carriers and day. labourers has advanced considerably. The British India Steamshipi Co. has also taken to sending boats here lately, and their steamers are among the largest that visit the port, and they can take over 100 coolies easily. So great however is the demand for ateamers, and so large is the number waiting to emigrate that we often have three steamers in harbour at the same time, as, for instance, to-day, when the s.s. Hong Wan I, the s.s. Chan Chew, and the s.s. Jelunga, are all here together.

NAVAL NEWS. On Sunday last, Nov. 1st, the British Surveying Vessel, s.s. Rambler came into harbour, and is to stay. I hear, for some two months, in order to survey the outer harbour. Then on Monday, 2nd, the Japanese Cruiser, s.s. Mylako, entered the port, specially so as to be here for the celebrations on the Japanese Emperor's Birthday. It will not stay long.

RIGHTHDAY FESTIVITIES. Yesterday, 3rd, Nov., being the 51st Anniversary of the Birthday of H.I.M. the Emperor of Japan, there were festivities at the Japanese Consulate on Knlaugau. with Fireworks. The Man of war was decorated with flags and evergreens, and there was a big social function on board in the evening. All the houses inhabited by Japanese were also duly decorated in honour of the event. Our newest ally is nothing if not 'up to date'.

AMOY HORTICULTURAL SOCIUTY. Owing to the unusual lateness of the season, it has been found necessary to postpone the Chrysanthemum Show from Nov. 9th to a week later, Nov. 10th, when it is to be held on the Tennis and Cricket Lawn, Kulangsu, and to be open to the Public from 2 p.m. Messrs Gardiner, Hempel, and Dr. McDoug all form the Committee, while Lt. Col. Mackenzie, S. Uyeno, and one other are to be the Judges, with Mr W. H. Wallace as Hon, Sec. and Treasurer.

MURDER AND ATTEMPTED SUICIDE. Kulangsu folks were startled the other day by the news of a brutal murder in their midst. A Chinaman, in a fit anger, struck his wife on the side of the

head, from the effects of which severe blowshe died almost immediately. Frightened at what he had done, the man tried to commit saicide by hammering his head twenty odd times against the walls and floor, with the result that he actually managed to batter in a portion of his skull, but without killing himself. He is now Hope Hospital, Kulangsu, and is getting probably be tried for murder and attempted snicide. It is admitted, however, that

Calcutta, October 29. - The Cooncor correspondent of the Englishman sends the following details of an attack made on Mr Brodie, a planter, who was travelling by night in a bullock coach on the high road Coimbatore after visiting his estates. It seems the robbers mistook him for Mr Brodie, I. C. S., Judge of Coimbatore. Twenty five men attacked him, knocked him senseless, broke his arm, stoned him nine miles, without shoes or stockings, and bleeding profusely from his wounds, to the nearest bungalow. As soon as he was able to be moved he was brought up to Coonour, where he still lies very ill from the effects of shock and his wounds.
